

6. Home School Students Policy

When students return to or enter ECES after home schooling, the following procedures will be followed:

Unless a waiver is granted by the State of Minnesota, an affidavit must be signed by the parents and supervising teacher indicating that instruction was provided under the supervision of a certified teacher and that the equivalent of 170 days of instruction per year were met for each full credit course.

Placement will be determined by Edgerton Christian Elementary School personnel on the basis of the student's age and/or the student's performance on an accepted nationally recognized test to be administered and scored by ECES personnel.
