

ECES SCRIP November Newsletter 2009

The SCRIP committee just wants to thank all the SCRIP participants for their weekly dedication to ordering! Each week we grow in registrations and sales. You guys are **amazing** and we want you to know that!

In September, we set the goal of having 50 registrations by February 2010, and each week, we would like to have \$5000 in SCRIP orders. In the first ordering week of November, you blew us away, by having 47 people registered and ordering over \$3000.00 in National Retailers and over \$4000.00 in Local Retailers! Then this week, our registration total was up to 69 registrations and you further *stunned us* with over \$4,000 in National orders and \$7,000 in Local orders! **WAY TO GO** and **KEEP GOING!** Collectively, as of November 20th, the ECES SCRIP families have earned over \$1500 for tuition! In these economic times you have to make your money work smarter not harder. Most importantly, without the support of our local businesses we would not have the program that we have. PLEASE be sure to express your gratitude to these local businesses!

Just to let you know, we have 3 businesses that have vouchers to use for their participation. Please be sure and pick one up at the office or mark it on your order form and we will send you a voucher back with your order. Vouchers are to be used **on the date of sale**. Please do not go back with a voucher and ask to receive credit for past sales! Vouchers are redeemed from businesses on a quarterly basis and will be applied to your account to the closest payout. Be sure to *KEEP your pink slip with YOU, don't send it to us*. The business will keep the yellow copy and then return the White copy to us with their payment.

Be use to make use of the Visa Gift Card available on the National List. Use this card to shop places that do not offer SCRIP gift cards. They offer 2% in \$25, \$50 and \$100 denominations. These cards come in an envelope with a card use terms.
